

# Run

## Verse 1

The story's the same, never changed  
We've been here before  
Yeah, we tried to be friends but it ends up being much more

And then we get insecure, build up walls  
Then we play pretend, we don't care  
No, it doesn't feel right when we fight  
It gets us nowhere  
But we're too scared

## Chorus

So we run and we run and we run, further away from love  
Look at what we've become  
Yeah, we run and we run and we run, losing the air in our lungs  
What do we do about us?

We don't wanna fall out of love again, love again  
Too afraid of another chance  
We run and we run and we run  
Further away from love  
What do we do about us?

## Hook (x2)

Do about us  
Oooo, do about us, yeah, yeah yeah

## Verse 2

Oh, mile after mile, getting tired of feeling this way  
Is it worth all the while, can we find something to say?

Like, "Baby I can reassure, break your walls  
Then we just admit that we care"  
No it doesn't feel right when we fight, it gets us nowhere  
But we're too scared

## Repeat Chorus

## Repeat Hook (x4)
