

Moving On Up

Verse 1

You've done me wrong, your time is up.
You took a sip (just a sip) from the devils cup
You broke my heart, there's no way back
Move right outta here baby go on pack your bags

Pre Chorus

Just who do you think you are?
Stop acting like some kinda star
Just who do you think you are?
Take it like a man baby if that's what you are

Chorus

'Cos I'm moving on up, you're moving on out
Moving on up, nothing can stop me
Moving on up, you're moving on out
Time to break free nothing can stop me, yeah

Verse 2

They brag a man has walked in space,
But you can't even find my place
There ain't nothing you can do
'Cos i've had enough of me baby being part of you

Repeat Pre-Chorus
